- 4- Universal Suffrage: Regular Elections.
- 5- Universal Values: Liberty, Human Rights, Equality and Fraternity.

---

### Contents :

As members of the global community, the people of Hong Kong, based on the universal values confirmed by the United Nations International Covenant on Civil and Political Rights (ICCPR), have their inherent rights, including the right to life, liberty, pursuit of happiness and the right to establish a government which effectively guarantees those rights.

When any force attempts to establish a government which violates upon the inherent rights of the people of Hong Kong, people of Hong Kong shall have the right to deny such a government as the legitimate representative of Hong Kong citizens, according to the principle of self-determination in Article 1 of the United Nations Charter.

Since 1997, the Hong Kong Special Administrative Region (“HKSAR”), constituted by CCP, has failed to uphold the inherent rights of Hong Kong people, such as illustrated herein beneath:

\* In 1997, the CCP abolished the then Legislative Council which was formed by election in 1995, and put in place a foreordained “Provisional Legislative Council.”

\* In 2003, HKSAR attempted to forcibly pass the Article 23 legislation, which was thwarted by the resistance of the Hong Kong citizens.

\* In 2012, HKSAR government attempted to implement the “patriotic education,” thereby depriving the new generation of their freedom of thought.

\* In 2014, the “8.31 Decision” which was a mandate made by Beijing to limit Hong Kong people’s equal voting rights for the purpose of violently suppressing peaceful demonstrations.

\* In 2019, the HKSAR government attempted to amend the Extradition Ordinance, wherefore dismantling the judicial firewall between Mainland China in order to undermine the personal freedom of Hong Kong people and draconianly crack down protests against the Extradition amendment.

\* In 2020, the National Security Law enacted further weakened the Hong Kong's autonomy.

\* In 2024, Article 23 was forcibly passed and as a result, provided harsher legal tools for the tyranny government.

For the abovesaid reasons, Hong Kong people no longer hold any hope onto the CCP's so-called "one country, two systems." We firmly believe that only through self-governance, self-determination, and autonomy can Hong Kong's future be truly in the hands of all Hong Kong citizens.

We are committed to universal values and we believe that under a long-term cooperation with the international community will Hong Kong establish a democratically-elected government recognized internationally which ensure Hong Kong a sustainable future.

The Electoral Organizing Committee of Hong Kong Parliament has successfully drafted an electoral law and developed a voting software which mark a significant step forward in the pursuit of autonomy. We advocate for the formation of a democratically elected government based on this electoral law in ensuring that all officials are accountable for the electorate, the government's credibility and effectiveness in serving all Hong Kong citizens.

In all circumstances, Hong Kong People must insist their vows to rebuild Hong Kong:

- 1- HongKongers exercise Hong Kong Sovereignty & Self-determination.
- 2- Designate CCP as a Transnational Criminal Organization.
- 3- Rule of Law: New Constitution & Independent Judiciary.
- 4- Universal Suffrage: Regular Elections.
- 5- Universal Values: Liberty, Human Rights, Equality and Fraternity.

We believe that eradicating communist terror ideologies and organizations in Hong Kong is essential to fortify Hong Kong people's freedom from fear and build a politically diversified, multi-party, free, and peaceful society where all citizens can practise excellent creativities; most importantly, a government with a genuine elected legislature.

In the premises, once power returns to the people of Hong Kong, this land will be managed in good order providing a peaceful and prosperous life for everyone.

Hong Kong Parliament Electoral Organizing Committee
