Important points of current regulation 選舉法重點

1 **Electorate Eligibility:**

Age Criteria: Voters must have reached the age of sixteen as of Election Day.

Hong Kong Citizenship Stipulation (one of the following conditions must be satisfied):

1.1 Birth within the territory of Hong Kong;

1.2 Individuals who have maintained ordinary residence in HK for a period of or over seven years;

1.3 Offspring(s) of 1.1 & 1.2 who constitute the first generation born outside Hong Kong;

2 **Candidate Eligibility:**

2.1 *Age Criteria:* Prospective candidates must attain a minimum of 21 years of age on Election Day.

2.2 *Identity Documentation:* Hongkonger.

3 **Candidate Enrollment:** Candidates must undergo registration and receive verification from the Election Commission to secure eligibility for candidature.

4 **Electoral threshold:** a candidate must obtain at least three percent of the total valid votes to secure a seat in the Parliament.

5 **Seat Allocation:** For the inaugural Hong Kong Parliament, the regulation mandates a total of 35 seats. In instances where the candidate pool is less than anticipated, the seat allotment will be capped at 80% of the total candidate count.

6 **Term of Office:** Elected Members of the Parliaments shall hold office for a term of four years, commencing from the date of their successful election.

7 **Form of Election:** Election without geographic boundaries. The first election allows both local voters residing in Hong Kong and those living abroad to elect the statutory seats. In other words, this is a powerful, global constituency.
